

Open Morris Secretary's Report 2023 -2024

Over the course of the last year in my role of OM secretary I have assisted the committee in the general running of the organisation, largely by attending and minuting meetings and responding to emails. I attended this year's day of dance in Newark on Trent as the Committee's OM representative. It was lovely to meet and chat with all the Open Morris sides that took part in the day.

I have been busy organising this year's OM AGM. It's the first time we have tried to have an in person meeting since the pandemic, and will be the first in person AGM I will have attended.
